"The True Specialists in Clinical Hypnotherapy Training"

Text Book List

Listed below in bold print are mandatory textbooks which are essential to enable completion of assignments and assessments, as well as recommended reading. The text books are *not* included in unit fees. If ordering textbooks through the Academy, a 50% deposit is required and the Academy takes no responsibility for late delivery, temporary out-of-stock situations, or increased recommended retail price. Prices are subject to change without notice and additional costs (e.g. shipping charges) will be passed on to the purchaser.

Note: The unit HCT401 and the Adv Practitioner Certificate in Clinical Hypnotherapy require only the three books listed. Textbooks can be obtained from booksellers who carry school and college texts and they will most probably be at a lower cost. Please check with your book vendors or:
