PhD in Clinical Hypnotherapy
WorkCover Approval Number: 8613

2016 Term Dates

Term 1	1 Feb - 8 April 2016	Enrol by 15 January 2016
Term 2	2 May – 1 July 2016	Enrol by 20 March 2016
Term 3	18 July - 23 September 2016	Enrol by 13 June 2016
Term 4	10 Oct - 16 December 2016	Enrol by 6 September 2016

Each term is approximately 3 months. Enrolments are accepted in order of application. The initial unit (HCT401 or APCCH401) is available in-house and on-line, and with the exception of Practical Workshops and Therapeutic Applications Workshops, all other units are on-line.

Each unit (excluding Practical Workshops and Therapeutic Applications) is equal to approximately 2-3 hours of work per week per term. This does vary from unit to unit and should be considered as a guide rather than an exact time frame.

Each term full time students enrol in a minimum of 8 units and part time students enrol in a minimum of 4 units. Because you can start the course at any time this minimum unit requirement can be pro-rated for your first enrolment if you commence after the beginning of term.

If in any term you experience difficulties that interfere with your enrolment you should apply for consideration (preferably prior to the term enrolment date) to vary your enrolment conditions for that term. Failure to enrol at all in a term may incur an administration fee. Failure to enrol in two consecutive terms may mean having to show good cause why you should be permitted to continue in the training.

2016 Class/Workshop Dates

Initial Module : HCT401 Hypnosis Counselling and Therapy (or the equivalent)
APCCH (CAPA & RACGP Accredited) – for existing health practitioners only.

Note: Units are delivered online via Moodle our educational platform. Practical units have a required attendance unless an exemption is granted prior to the unit delivery.

Online study Commence at any time.

Practical Workshops and Therapeutic Applications

In-House workshops Friday 8:30am – 6:30pm
Friday 8:30am – 6:30pm

Online Only by special arrangement with the Academy.

NOTE: ALL IN-HOUSE PRACTICAL WORKSHOPS ARE CONSIDERED EQUAL. It is your performance within the workshop that indicates your level of study. You may undertake your Pre Clinic Therapeutic Applications Workshop PCTHAP401 within any ThAp Workshop after discussion with the Academy

Our policy is to run all classes and workshops where possible. If a small class or workshop occurs, the unit duration will be shortened whilst maintaining the required competencies. Full information is available in the Student Handbook.
